

## Notes for Visitors

### 1. Photos, Videos and etc.

It is forbidden for the press to take pictures, film or record, or interview visitors without permission, whether for commercial or non-commercial/private or public purposes. Please contact our office in advance. However, personal photography is possible; do not take pictures of other visitors and worshipers. Advanced permission is required for shooting with dedicated shooting equipment. It is prohibited to use the photos taken for commercial purposes, assign them to an outside third party, or sell them online. We appreciate your understanding.

### 2. Dress code

Clothing should be modest for both men and women. For women, we expect an ankle-length skirt or trousers, which should not be tight-fitting or translucent, together with a long-sleeved and high-necked top. Men also should not wear short pants. A headscarf is essential for women inside the Prayer Hall.

### 3. Prayer Hall Rules

Prayer Hall is a sacred place. Please observe the following rules:

- Please take your shoes off before entering the Prayer Hall, and put them to the shelves.
- Please keep quiet inside the Prayer Hall.
- Permission from the Office is necessary for taking photos or video recording of any kind.
- Please do not take photographs during the prayer.
- Observing the prayer scene is permissible; however, please be seated in the back of the Prayer-Hall and do not walk around.
- The upper floor is for women only.
- Please do not bring any pets inside the building.
